

Membership Report 2022

We closed 2021 with a very strong membership of 147 and 2022 has seen our membership hold steady as we close the year with a membership of 148.

We have seen 12 new members join from the beginner's course and 18 members have joined by request.

Our annual subscription continues to be £15 and is due from the 1st January.

We hope that members will continue to support the BBA and to benefit from the network of experience and information available through the Association.
