

## Membership Report 2023

We closed 2022 with a very strong membership of 144 and 2023 has seen our membership hold steady as we close the year slightly up with a membership of 147.

We have seen 26 new members join from the very popular beginner's course and 18 members have joined by request.

I hope that members will continue to support the BBA and to benefit from the network of experience and information available through the Association.
